3	More wheelchair accessible play equipment. I have a child with disabilities who is confined to her wheelchair. The park is extremely difficult to access for us with no paved areas and there is just one swing for children with disabilities, but the straps aren't functional anymore and our daughter is too heavy to use it at this point. It would be nice if the park was more accessible and had more activities that all of my kids can do together.	12/30/2020 12:58 PM

2	Thank you for giving the public a chance to comment on this. I realize accessible parks are expensive, but even a little pavement to make it more accessible and a wheelchair swing would make a huge difference for our family. I'd be happy to provide additional input on wheelchair accessibility if needed, so I'll provide my contact info below. Also, it would be great if a sign could be posted in the park that dogs MUST be on a leash. I'm a dog lover and own dogs myself, but numerous times when I've jogged near the park, or taken my kids to the part, unleashed dogs have come running up to us and scared my kids. Just because we live in a township instead of the city doesn't give people and their dogs free reign to be off a leash. Thank you!	12/30/2020 12:58 PM
3	Would it be possible to plow the 7 bridges parking lot. There is always a ton of cars there and it is almost impossible to get out if it is not plowed. Cars will park on the road but that is not the safest solution. I feel like there is enough residents that would benefit from this that it would be worth the time of our plow drivers to plow it.	12/30/2020 10:25 AM
